excerpt from preaching and public speaking a manual for the use of preachers this book was the outgrowth of ten years observation and reflection the conviction that such a work was needed came to the author while on a mission to the southern states where he had frequent occasion to deplore the waste of time money energy and opportunity to save souls to say nothing of the mental anguish which is involved before the raw missionary with no other guide than hit and miss experiment is changed into the fairly capable preacher the conviction was intensified by his acting as clerk of sabbath meetings at home for three years and having to record the substance of the sermons there delivered if any one would know how strong is the sense of religious duty among latterday saints even in the face of peculiar discouragements let him note how in spite of our desultory preaching they still continue to attend meeting on the sabbath day but much as he saw the need of such a work he naturally hesitated before putting his thoughts on paper as who would not in view of the general sentiment respecting criticism of preaching the matter came to a head however in the following manner a much respected but wordy brother had occupied the time of the congregation for one hour try as i would i could get nothing coherent from the sermon to set down in the record about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
